

KOE Industrial LCD Display Modules from JEA

JEA is pleased to announce that we have added Industrial LCD Display Module's manufactured by KOE in Taiwan to our range of products that are suitable for high-end indoor & outdoor applications such as mining, agriculture, industrial, marine, automotive and medical.

KOE's LCD Display modules offer features such as:

- Wide Operating Temperature range: $-40^{\circ} \sim 85^{\circ}\text{C}$
- High Brightness: $450 \sim 1200 \text{ cd/m}^2$
- Sizes range from 7" to 13.3"
- Zero Bright Dot Defect
- Consistent and guaranteed operations under extreme mechanical shock and vibration
- Optical Bonding
- Semi-custom and custom displays
- Long product life with assured continuity of supply

JEA can assist customers to match KOE LCD display modules with touch screens and other peripherals to meet the most stringent requirements for ruggedness and reliability, and support these products throughout their lifetime.
